Bringing Your Building Back to Life

ABOUT CERT

We are your only 24/7 emergency response for emergency disaster repair services covering Florida. While most companies offer a single service, **CERT** is a consortium of Florida Licensed Contractors and subcontractors that are leaders in their respective fields and dedicated to correctly repairing your property.

“The **Contractors Emergency Response Team (C.E.R.T.)** is a consortium of licensed, respected, trusted contractors, sub-contractors and design professionals in their field. We manage all aspects of your construction project so that you can get back into your property, fast. Our approach starts with accurate and timely communication between owners, contractor, specialty trades, designers, architects and engineers. To us, a successful project requires a team approach followed by a passion for not only what we do, but for forging relationships with an insurance provider, owners and a consortium licensed contractor, who are leaders in their respective fields.”

Sincerely,
Rudy Rowe III
Managing Partner, Owner, President

Led by

Supported By: Advanced Drying Systems Corp. – Water Mitigation, Building EMT's - Orlando Based, Bonner Roofing & Sheet Metal - Roofing Contractor, MEP CO - Mechanical, Electrical & Plumbing Contractor, Bonds Electrical, Inc. - Electrical Contractor, Keith Lawson Company, Inc. - Mechanical & Plumbing Contractor, Simpson Environmental Services - Mold Remediation & Demo, All South Engineering - Structural Engineers, Ooten & Associates - Electrical Engineers, Weiss & Woolrich – Roofing Contractor
